

TO ALL PATRIOTIC CITIZENS OF OGDEN:

The Ogden chapter of the American Red Cross is now prepared to give training and work to all who desire to aid in supplying the necessities for our military hospitals and camps. We ask each and every patriotic woman of Ogden who will conscientiously and faithfully give time to this work to report at the Red Cross headquarters, room 515 First National bank building. These rooms are open from 9:30 a. m. to 12 noon and from 2:30 to 5 p. m. We urge all women's organizations to co-operate with the Ogden chapter to the extent of designating a representative who will faithfully become instructed in the manufacture of needed supplies to the end that she may superintend the preparation of supplies in her own organization. Those willing to take up this work may report to Mrs. John Browning, chairman surgical supplies committee, at Red Cross headquarters.

The Ogden chapter is now prepared to give instruction in first aid to all who will conscientiously and faithfully give time and study to the same. Those desiring to join first aid classes will report to Miss Pamela Spargo, phone 1260.

In making this announcement the Ogden chapter of the American Red Cross wishes to emphasize the fact that all Red Cross work is subject to rigid inspection, therefore only earnest, diligent workers are desired.

Applicants for membership in the Red Cross chapter who have not yet paid their dues are urged to pay their dollar to Mr. Joseph F. Barker at the secretary's office, room 515 First National Bank building.

OGDEN CHAPTER, AMERICAN RED CROSS.
John Edward Carver, President.
Mrs. R. B. Porter, Secretary.

CASH RESERVES
TO BE CALLED ON

SALT LAKE, May 12.—An opinion handed down by Dan B. Shields, attorney general, at the request of the state board of equalization, states that the board has the power to levy taxes on the cash reserves of mining companies.

If this ruling stands in the courts it will increase the taxable property of the state by \$50,000,000, according to

estimates made by the state board of equalization.

One of the largest cash reserves held by a mining company is that of the Utah Copper company, which in its last report showed its reserve to be \$13,364,022.94, of which \$8,960,000 was cash on hand and \$4,404,000 was due from December copper sales.

Following the receipt of the opinion, the state board of equalization issued a circular letter to county assessors instructing them to take steps at once to place the cash reserves on the tax rolls.

LIQUID FIRE IN
GERMAN ATTACK

Vigorous Assaults of the Teutons Are Hurdled Back by the Allies.

Bitter attacks by the troops of Crown Prince Rupprecht and the German crown prince are being made against the positions vital to the defense of Lens and Laon, held by the British and French. Field Marshal Haig and General Nivelle are holding their recent gains and throwing back the attacking Germans with heavy losses.

South of the Souchez river, one of the natural barriers to Lens, the Germans have made a third attempt to recapture the positions taken by the British Thursday, and for a third time have been thrown back. A momentary footing was won by Prince Rupprecht's men, aided by liquid fire, in the new British positions, but a brilliant counter attack recovered the lost trenches and left the British line unchanged.

Around Cerny-en-Laonnois, on the plateau overlooking the Ailette river and within nine miles of Laon, an important link in the German defensive system in France, the German crown prince is expending his man power freely, but ineffectually, in an attempt to regain lost ground. Throwing his men in waves against the French on sides of the village he succeeded only in gaining about 200 yards of an advance element, but his gain was short lived, as a French counter attack immediately evicted the Germans.

Entente Force Drive.
On the lengthy front in Macedonia the entente forces continue their offensive with success between Dolan and the Cerna river. The British have checked Bulgarian attacks southwest of Dolan and hold their recently gained positions with a tenacious grip.

Warn Munition Workers.
The British government has issued a grave warning to munition workers now on strike and given notice of punishment for the inciters of the strike which were not authorized by the trades unions of England.

Voluntary recruiting, the British war office announces, soon will be extended to men up to 50 years of age, both single and married.

PROTESTS MADE
ON HEAVY TAXES

Manufacturers Appear Before Congressional Committees to Make Complaints.

WASHINGTON, May 11.—While the house debated the \$1,800,000,000 war tax bill today, the senate finance committee heard various protests from interests on which the new war levies would fall.

Manufacturers who would have to pay the increased excess profit tax, distillers, brewers, soda fountain interests and tobacco companies all told the senate committee that they faced ruin if the bill went through as presented in the house. Nearly every witness declared his particular business seemed to be the target for an exorbitant tax.

In the house, too, many portions of the bill were under fire, but Democratic and Republican leaders in charge replied that the money must be raised and only high taxes could provide it. Representative Fordney of Michigan, ranking Republican on the ways and means committee, made a four hour speech for the measure. He said he agreed with Democratic Leader Kitchin that the bill had some faults, but that on the whole it was equitable.

Senate Committee Hearing.
Only the excess profits, liquor, beer, soft drinks and tobacco schedules were considered today by the senate committee, which opened hearings before the measure came over from the house in order to hasten final congressional action.

The income tax increases and the rise in postal rates consumed a large part of the time today in the house debate. Some representatives suggested that the tax on big incomes was not high enough and others proposed vigorously the proposal to increase the postage rate on second class matter by creation of a zone system.

Replying to critics of the income tax section, Mr. Fordney told the house that "there is a limit to which the government can go and take from a man his income until he begins to evade the law."

"There is no law in this country or any other," he said, "that enables a corporation to pay dividends. The minute you have taxed the corporations to a point where they see you are about to confiscate their property, they will pass to surplus their earnings instead of paying it in dividends. In making up these income tax rates, the committee was mindful of these possibilities."

Republican Leader Mann asked if it would not be fairer to tax newspaper and magazine advertising than to put the proposed additional postage rate on second class mail matter. Mr. Fordney replied that this would be a tax on volume of business and an unjust tax.

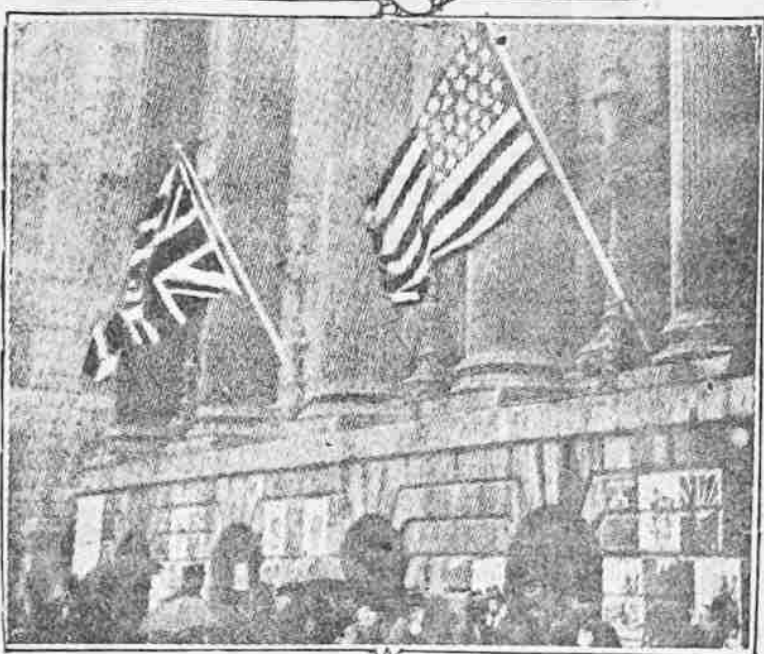

Oppose Newspaper Tax.
Representative Hull of Iowa also opposed the increased rates for magazines and newspapers and challenged statements that the government now is losing millions annually on this class of business.

Representative Bland of Indiana told the house that the postoffice department had worked out an amendment to provide that no salaries of postmasters shall be increased during the war. The debate will be continued tomorrow.

It was a gloomy picture that protesters against the war tax increases painted for the senate committee.

Piggott Selected.—William L. Piggott has been selected to represent the Ogden Trades and Labor assembly at the annual convention of the Utah State Federation of Labor, to be held in Salt Lake Monday and Tuesday next. From two to five delegates of all Ogden trade unions will attend the convention.

Old Glory Popular in London

London street vendor selling American flags; the flags outside the Mansion House, London.

So great has been the demand for American flags in London that the supply is always short. The lord mayor, Sir William Dunn, displays the Stars and Stripes and the Union Jack together on the Mansion House, and he has suggested that the two flags should be flown side by side "in every city and town in the United Kingdom."

CASTOFFS ARE MAKING GOOD
Two castoff Athletic pitchers are making good as regular players for the Newark International league club. They are Lefty Russell, who is covering first base, and Bruno Haas, who is playing in the outfield. Both men have won the fans with their mighty hitting.

Haas and Russell weren't with the Athletics very long, but they are distinctly remembered by Philadelphians.

SOCCER FOOTBALL
AT THE S. P. SHOPS

The Ogden soccer team will play the fast Caledonian eleven from Salt Lake tomorrow at the Southern Pacific shop grounds. The Ogden boys expect to win and also expect a large crowd of soccerites to witness the game. The kick-off will take place at 3:30 p. m. The game promises to be fast and close, as both teams put up a fine article of ball.

BASEBALL GAME AT
GLENWOOD SUNDAY

If weather conditions will permit, the fast Washington Market team will meet the Ogden Packing company nine at Glenwood park tomorrow afternoon. Both teams have suffered defeat at the hands of the Southern Pacific team and a good game is expected, as the winner will get another crack at the fast railroad nine. Both teams have been practicing overtime and the managers of each declare a victory. The game will start at 3 p. m.

The Packing company lineup follows:

Even so, you should not lose hope and imagine that you must carry through life a load of burdensome, unhealthy flesh. Here's a very simple, easy-to-follow system of treatment that is said to bring truly remarkable results for others, and it will be easy to prove what it can do for you.

Go to your druggist and get a small box of oil of korein capsules. Take one capsule after each meal and one before retiring at night; also follow the other simple directions that come with the capsules.

This method should reduce your weight ten to sixty pounds (or whatever you wish) in a short time and leave your general health and figure greatly improved.

You will be amazed at the improvement in your mind as well as your body when you have begun to reduce your weight.

Oil of korein is absolutely harmless, is pleasant to take, and this treatment is surely worthy of a fair trial if you want to become thinner, healthier and younger in appearance. Advertisement.
